

XPERT TECHNOLOGIES

Building Flexible Telematics Solutions

July 2013 Newsletter: Integration of Enfora Mini-MT Personal Tracker

Xpert Technologies now supports the Enfora Mini MT, one of the most affordable and complete mobile tracking devices on the market today available from Simple Solutions.

The Enfora Mini-MT is a fully certified quad-band integrated platform that provides complete GSM/GPRS functionality for mobile tracking applications. Its integrated GPS/A-GPS capabilities include reporting through SMS and GPRS, while voice, hands-free and audio headset capabilities make the unit the complete tracking & communications solution.

Location reporting and monitoring over the GSM network is performed through SMS and GPRS providing cost effective wireless communication. XT also supports Box Tracker, Falcom, Meitrack, Teltonika and Tzone tracking devices.

About Us

Since 2004, XTI has been a software supplier and systems integrator for one of the [19 companies](#) registered with [The Nigerian Communications Commission \(NCC\)](#). Multi-national corporations such as Coca Cola, 7UP and West African conglomerates such as Dangote Group, AG Leventis (Nig) Plc, Nigerian Breweries PLC, Flour Mills, Buildwell, etc., have been using our advanced Fleet Management / Vehicle Tracking software to track over 5,000 vehicles simultaneously, on servers located in the UK.

Vehicle History

Vehicle	Date / Time	Speed (km/h)	Speed (mph)	Ignition Status	Geofence	Information	Direction
R 7204 (FM1100)	31-Jul-2013 14:25:05	0 km/h	0 mph	Off	xPert Office	Ignition Off	SW
R 7204 (FM1100)	31-Jul-2013 14:25:04	0 km/h	0 mph	Off	xPert Office	Entering xPert Office	SW
R 7204 (FM1100)	31-Jul-2013 14:24:17	8 km/h	5 mph	On	None	Reporting	W
R 7204 (FM1100)	31-Jul-2013 14:24:14	6 km/h	3.7 mph	On	None	Reporting	NW
